

POLICY FOR QUALITY MANAGEMENT

Gerolamo Scorza Spa considers continuous improvement of its processes as well as of the Quality Management System one of the key factors for the achievement of the expected goals.

The Directorate, who aims at Customer's satisfaction and at a constant enhancement of the offered products and services, resulting in excellence, endorses and enforces its commitment to achieve the tasks described below, taking into account their importance in today's business and in view of any upcoming evolution:

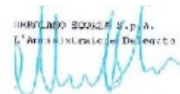

- To establish long-lasting and fruitful cooperation with Customers in order to offer products and services in line with people's expectations as well as with sustainable and competitive costs for both parties.
- To comply with all of the laws, regulations and contractual agreements in the implementation of the company processes always keeping in mind safety requirements, assuming that prevention is always the most effective solution.
- To promote the process of improvement of the Quality Management System, in order to enhance the efficiency and the accuracy of any single operator in carrying out his functions, as well as to support staff involvement in both the comprehension and the implementation of the policy for quality.
- To enhance the development of the production process aiming at a constant improvement, also adopting training programmes which might be helpful to enforce any operator's competences in the completion of his activities.
- To promote the cooperation and knowledge exchange among human resources, in order to develop the identification and the implementation of synergies, as well as to support information sharing and the sense of belonging to company.
- To circulate and support a common vision concerning company's goals in order to facilitate interfunctional and cross-relationships as well as to improve people's awareness about the value supplied by each operator involved in the production process, contributing to company's growth in its entirety and concurring to ensure everyone's wellbeing.
- To put in place ad hoc measures to ensure that suppliers and sub-contractors, appointed by the Company, implement all of the required actions to comply with Clients' demand and that those actions are equivalent to those implemented by the Company.
- To implement and to keep a Quality System complying with UNI EN ISO 9001 standard so as to ensuring that the requirements agreed upon with Customers are firmly respected.

The company policy expressed in this document is circulated among the Company's staff and it is applied and disseminated through the posting in the company notice boards as well as in shipyards.

The Directorate is yearly appointed to re-examine the Policy for Quality so as to implement any required update.
